II. Formal Matters and Conclusion

In view of the foregoing, Applicants submit that claims 1-14 are patentably distinct from the prior art of record and are, in addition to newly added claims 21-26, in condition for allowance. Moreover, the amendments made herein do not narrow the scope of the claims for patentability purposes. In fact, the claim amendments made herein broaden the scope of the present invention due to its applicability in other environments. The Examiner is respectfully requested to pass the above application to issue at the earliest possible time.

Should the Examiner find the application to be other than in condition for allowance, the Examiner is requested to contact the undersigned at the local telephone number listed below to discuss any other changes deemed necessary. Please charge any deficiencies and credit any overpayments to Attorney's Deposit Account Number 09-0458.

Respectfully submitted,
